

History of WSU Tech

1965: Wichita Area Vocational-Technical School (WAVTS) was created and recognized by the Kansas State Board of Education to serve area high schools

1991: Associate of Applied science degrees were awarded by WSU in conjunction with WAVTS for Electronic Engineering Technology students

1995: WAVTS became Wichita Area Technical College and granted the authority to award college credit and the associate of applied science degree

1997: General Education agreement between WSU and WATC was signed

1999: WATC became part of the Kansas Board of Regents

History of WSU Tech cont.

2004: WATC transitioned to an independent entity governed by a board of trustees

2008: WATC received HLC Initial Accreditation

2010: National Center for Aviation Training opened near Jabara Airport

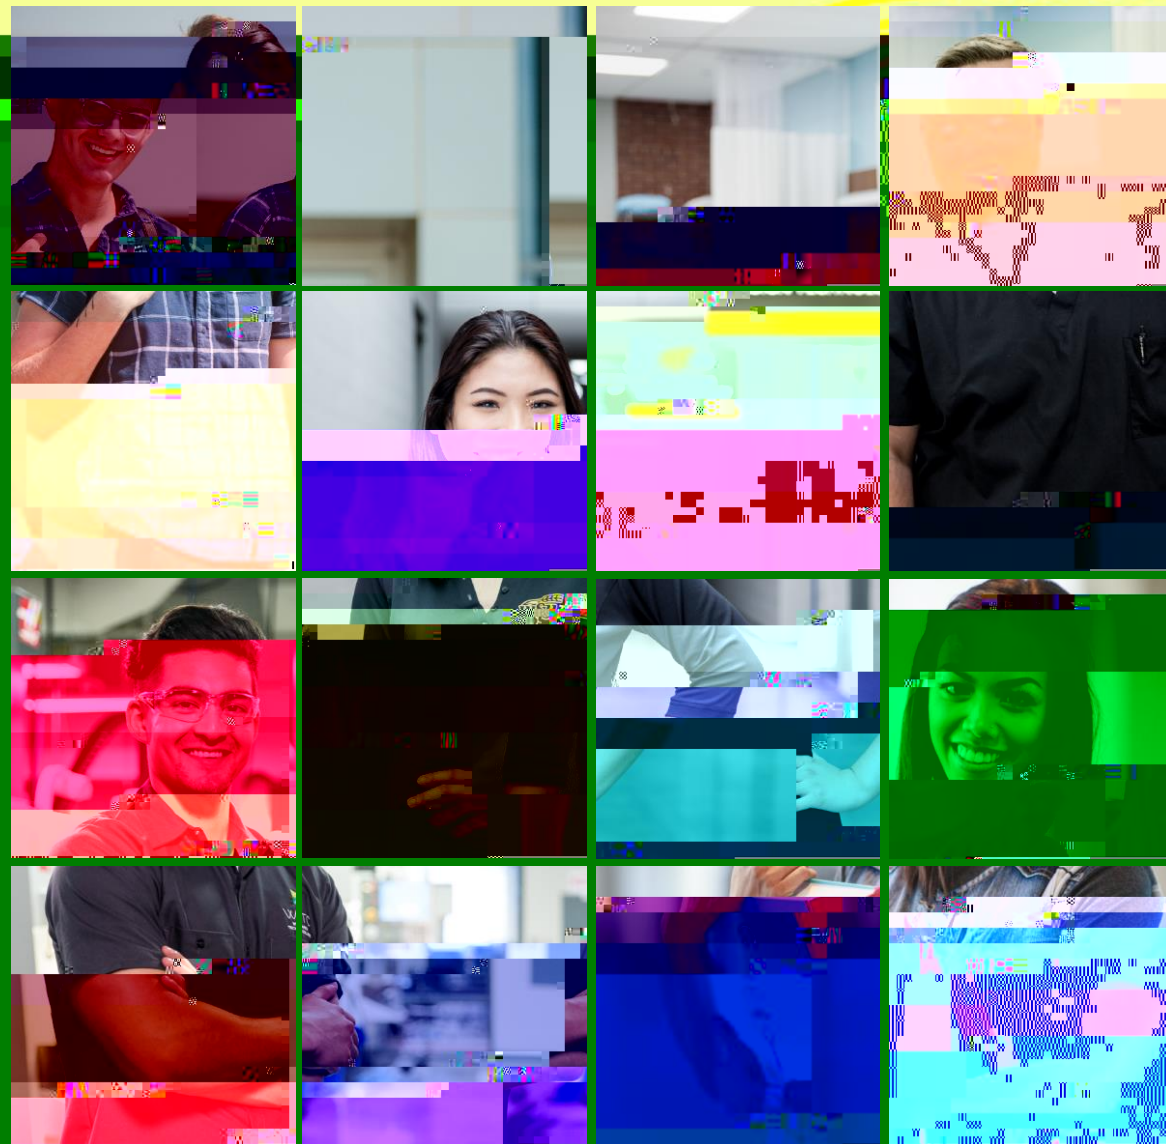

2013: WATC is the fastest growing college in Kansas

2015: Shocker Pathway was started to help students transition from WATC to WSU

2018: WATC became affiliated with Wichita State University and became the WSU Campus of Applied Sciences and Technology

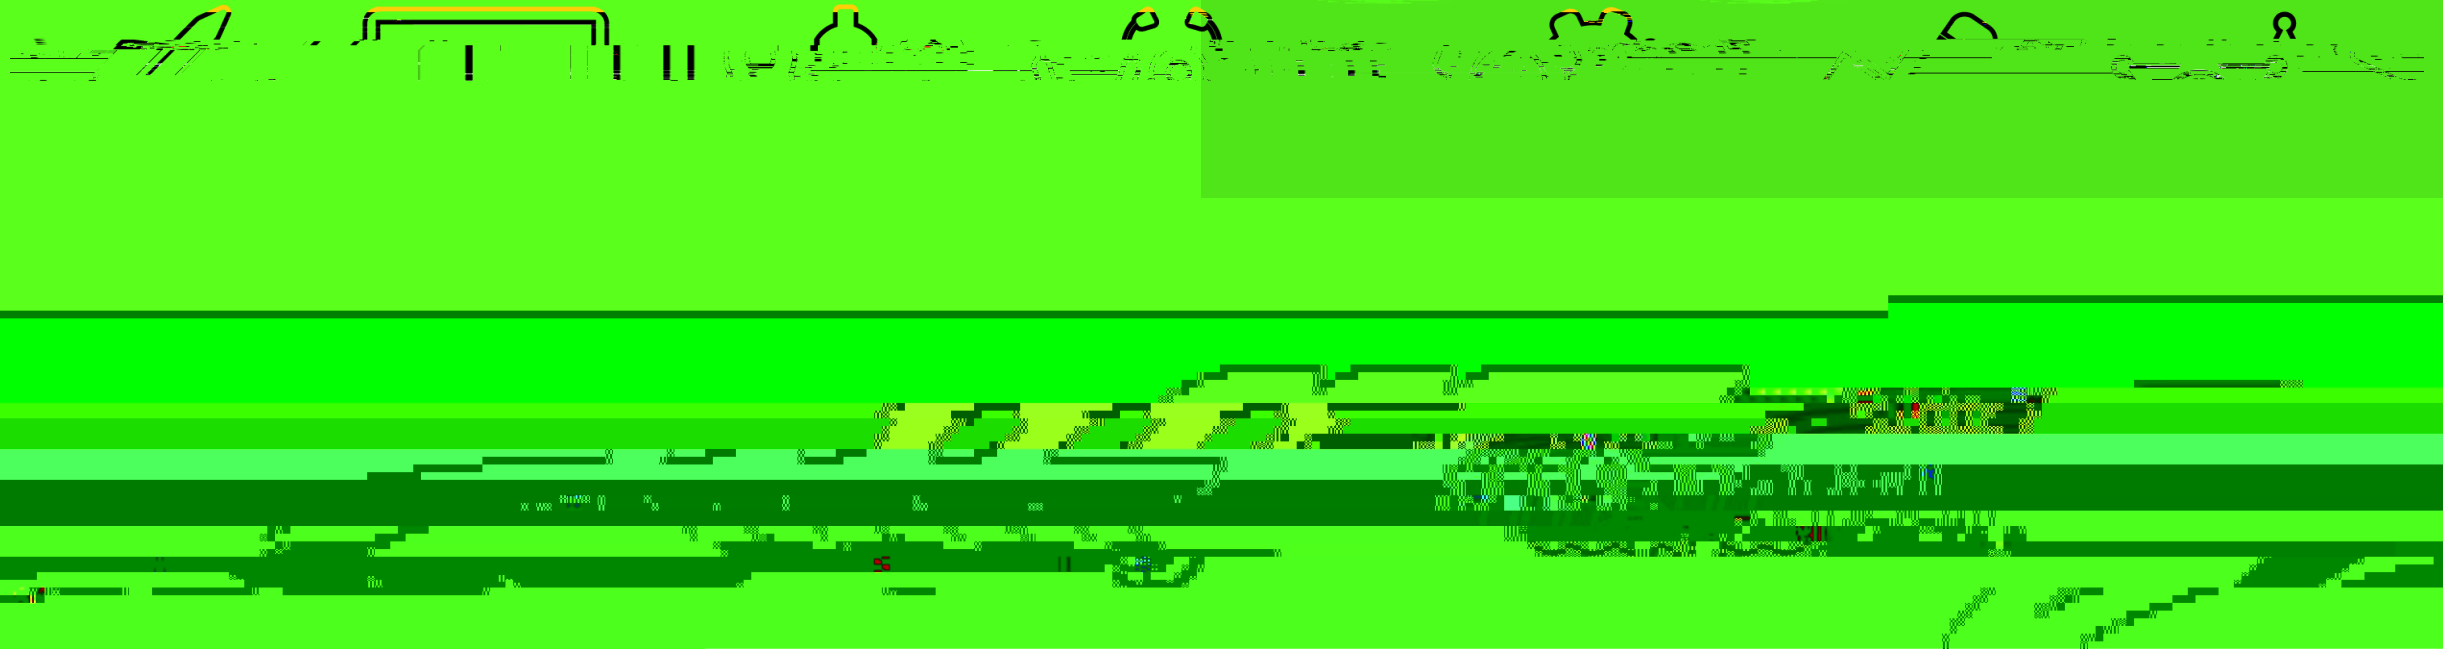

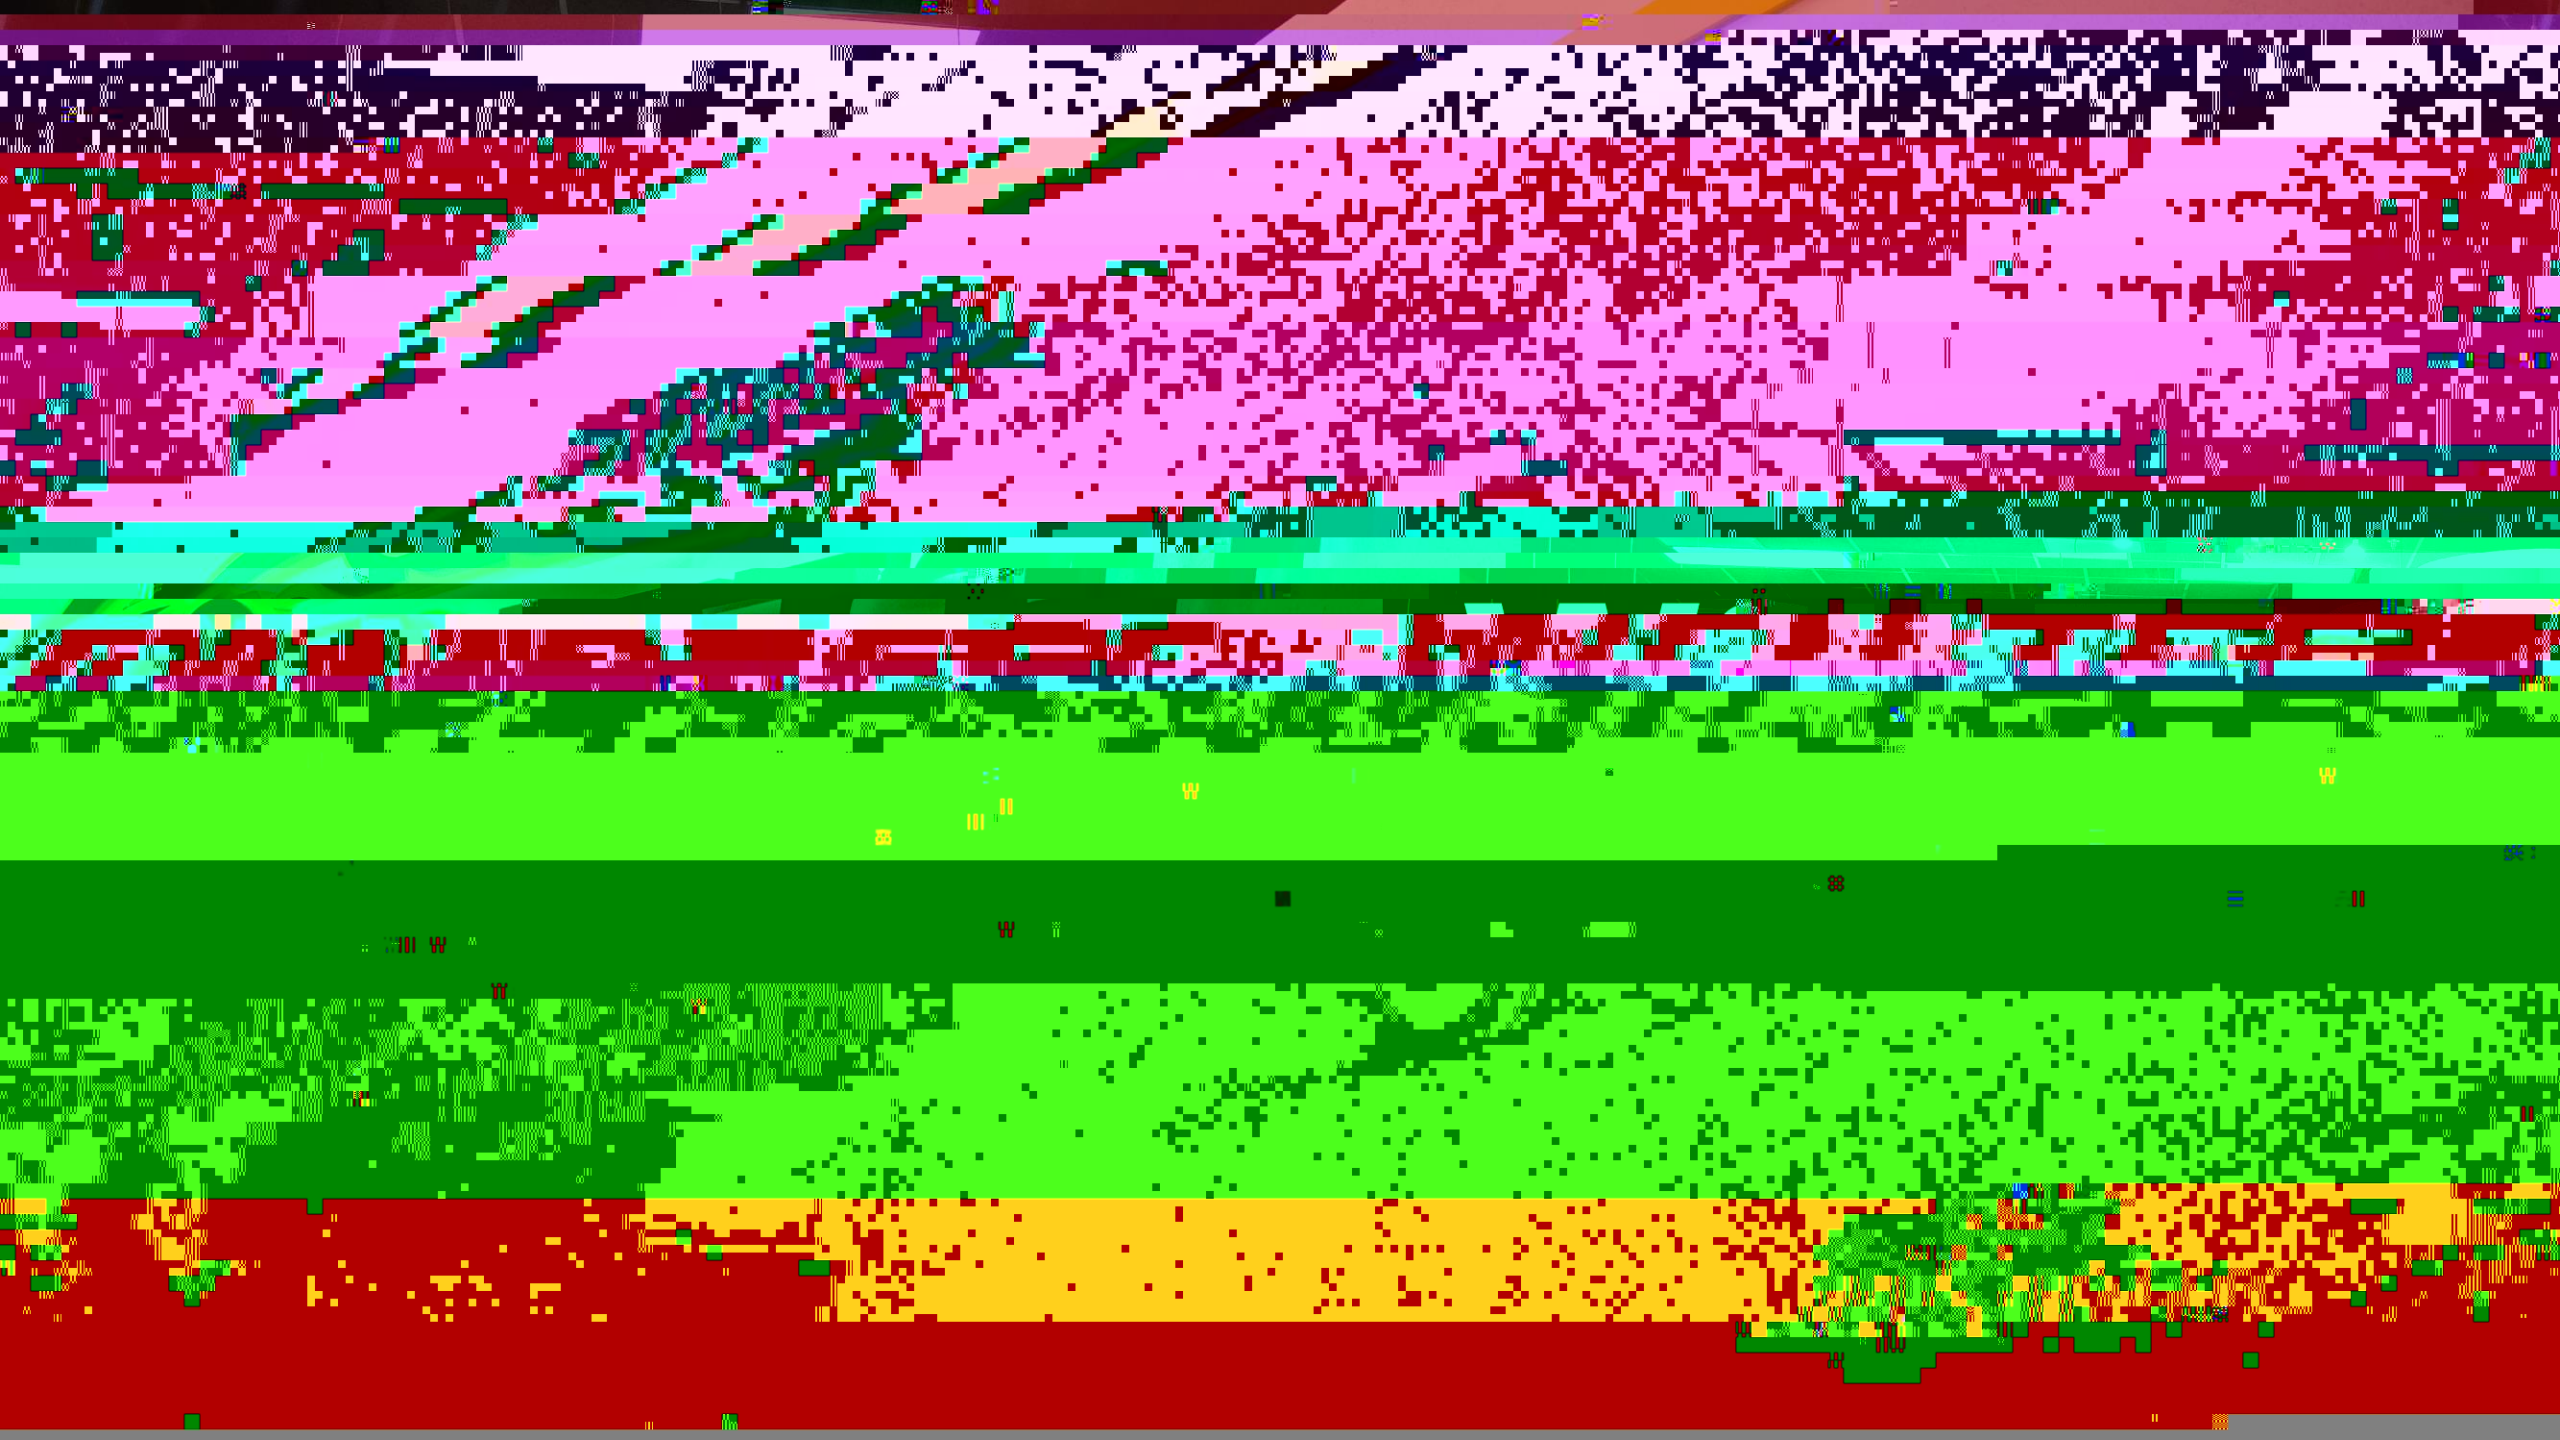

The mission of WSU Tech is to provide quality higher education and leadership in workforce training that supports economic development for a global economy.
